Third Edition

# FOREWORD

It is with great pleasure that I present to you the 3rd Edition of the Directory for Non-state Legal Aid Service Providers (LASPs) and Organizations compiled and published by the Legal Aid Service Providers Network (LASPNET) with funding from the Democratic Governance Facility. The Network's membership has sporadically grown overtime and our geographical presence is now in 80 districts as you will observe in this publication.

Needless to mention, the publication lists all known LASPs in Uganda that offer legal advice or representation by Lawyers; Paralegals and Community Volunteers as the case may be to the indigent and vulnerable person at no cost.

This edition features organizations in Uganda that provide legal advice and assistance in all branches of law. We hope that this document bridges the information gap about LASPs providing the necessary details to support referrals and networks under Legal Aid.

LASPNET is focused on strengthening and sustaining collaborations among the LASPs to ensure quality services that meet the essential regulatory requirements for accreditation by the Uganda Law Council. Although not all the organizations listed in the Directory are accredited by Law Council, they are registered in Uganda as Non-Government Organizations providing at least one of the following services to the indigent persons that is legal advice; representation in court; mediation; negotiation and legal awareness.

It is natural for organizations to undergo change as their mandate evolves or they restructure. This is why we update the publication every few years to reflect the changes and developments that have taken place.

We hope that you find the document explanatory and useful in your daily work.

A handwritten signature in red ink, appearing to read 'Sylvia', is positioned above the printed name of the Chief Executive Officer.

Dr. Sylvia Namubiru Mukasa
